

Deerfield Parks and Recreation Survey

The Town Departments of Deerfield along with the School Board are working together with Southern NH Planning Commission to update the Town's Capital Improvement Program or CIP, a plan which identifies the capital needs of the town and indicates how these needs might be funded over a six-year period. By outlining projects, funding sources, and a timetable for completion, the CIP can be used to assist various departments, committees, and town officials in making decisions about the needs of the town.

What is a Capital Improvement Plan (CIP)

<https://www.nhmunicipal.org/TownAndCity/Article/586>

To assist with this effort, the [Deerfield Parks and Recreation Commission](#) would like to hear from residents on current and future recreational facilities, engagement opportunities, and possible improvements in these areas for Deerfield.

Please take 5 minutes to complete this survey - all feedback is welcome!
