

Town of Deerfield  
**EMERGENCY SERVICES BUILDING**  
Survey

The Deerfield Board of Selectmen are in the process of planning how the town should address space and facility needs for the Fire Dept., the Police Dept., and the Rescue Squad and we would like your help identifying the best potential options.

Please take a moment and let the board know your opinion! You may return this mailer to the town offices, mail to 8 Raymond Rd, PO Box 159, Deerfield NH 03037; leave your opinion at 463-8811 ext. 330,

E-mail to: [survey@townofdeerfieldnh.com](mailto:survey@townofdeerfieldnh.com)

Or use the on-line form: [www.townofdeerfieldnh.com](http://www.townofdeerfieldnh.com)

Please rank the options we are presently considering:

- Build a new Safety Complex to house Police/Fire/Rescue  
*(on town owned land on the SW side of North Rd directly across the Rte. 43 Junction with North Rd.)*
- Build a new Station for just Fire & Rescue *(same location as Described for Safety Complex)*.
- Add on to the existing Fire Station at 6 Church St. *(to house Fire & Rescue only)*.
- None of the above at this time.

I would be interested in serving as a volunteer committee member to explore these options further.
