Winter Snow Removal

The winter season is fast approaching. Please remember that the Highway Department works around the clock during winter storms trying to keep up with Mother Nature. They are out working in the elements doing the best they can to keep our roads clear. Bus routes receive snow and ice treatment first. Please check along the roadside to be sure you remove anything that is within the Town's right-of-way. This includes mailboxes that are too close to the side of the road. The Town of Deerfield is not liable for anything that is placed within the right-of-way. For information regarding any winter ice and snow removal questions, contact the Highway Department at 463-7736. Winter storm information is also available on the Town's Web site. www.townofdeerfieldnh.com

Internet Access in Deerfield -

We need your help by November 10th

Many areas in Deerfield do not have Internet access, others have access with only one provider. Fairpoint is currently under court order to increase DSL service in under-served areas. Deerfield is one of those areas

In order to increase access to the Internet in Deerfield we need the addresses of resident who currently do not have DSL access available to them. This in no way commits you to using the service but increased coverage will give you more options. If you can help us out fill in the survey at <http://tinyurl.com/deerfielddsl>
