## School Warrant Article Notes for Voter Guide

1. Shall the Deerfield School District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling, **Eighteen Million, Seven Hundred Ninety-One, Four Hundred Sixty-Eight Dollars (\$18,791,468)**? Should this article be defeated, the default budget shall be **Eighteen Million, Eight Hundred Sixty- Eight Thousand, Eight Hundred Thirty- Six Dollars (\$18,868,836)** which is the same as last year, with certain adjustments required by previous action of the Deerfield School District, or by law; or the governing body may hold one special meeting in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Majority vote required.

*School Board Recommends Approval [3-1-0]  
Budget Committee Does Not Recommend Approval [3-6-1]*

*If passed, the new estimated tax rate will be \$19.48 [per thousand], which will result in a \$2.20 increase over the previous year school tax rate.*

[Note: Warrant Article #1 (operating budget article) does not include appropriations from separate Warrant Articles.]

**[NOTE: The District’s current budget is the default budget approved by voters in March 2023. The fiscal year ends on June 30, 2024. Budgetary increases are due largely to increased costs of Special Education services, increases to high school tuition rates, increases to the cost of staff benefits, and increases to salaries from the Collective Bargaining Agreement approved by the voters in March 2023, among other factors. The proposed operating budget is \$77,368 less than the default budget.]**

2. Shall the Deerfield School District vote to approve the cost items set forth in the collective bargaining agreement reached between the Deerfield School Board and the Deerfield Para Educators Association for the 2024/25, 2025/26, 2026/27, and 2027/28 fiscal years, which calls for the following estimated increases in salaries and benefits at the current staffing level:

Fiscal Year:	Estimated Increase:
2024/25	\$94,853
2025/26	\$51,610
2026/27	\$62,178
2027/28	\$50,544

and further to raise and appropriate the sum of **Ninety-Four Thousand, Eight Hundred Fifty-Three Dollars (\$94,853)** for the 2024/25 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits required by the new agreement over those that would be paid at current staffing levels? Majority vote required.

*School Board Recommends Approval [4-0-0]  
Budget Committee Does Not Recommend Approval [5-5-0]*

*If passed the tax impact will be \$0.12 [per thousand]*

**[NOTE: This four-year contract was negotiated between the Deerfield Para Educators Association and the Deerfield School Board. It provides for raises in the hourly pay rate schedule and changes the longevity bonus structure to provide a more competitive compensation structure in response to current market conditions.]**

3. Shall the Deerfield School District, if Article #2 is defeated, authorize the governing body to call one special meeting, at its option, to address Article # 2 cost items only?

**[Note: This article would allow the School Board to call a special meeting if Article 2 fails for the purpose of adopting a new contract, rather than waiting until March 2025.]**

4. Shall the Deerfield School District vote to raise and appropriate the sum of up to **One Hundred Fifty Thousand Dollars (\$150,000)** to be placed in the **Special Education Trust Fund**, this sum to come from the June 30, 2024 unassigned fund balance available for transfer on July 1, 2024? Majority vote required. **No amount to be raised from additional taxation.**

*School Board Recommends Approval [4-0-0]  
Budget Committee Recommends Approval [10-0-0]*

**[Note: The current balance of the Trust Fund is \$319,894.58. Due to unanticipated costs for Special Education this school year, the Board anticipates using much, if not all, the funds currently in the Special Education Trust Fund for the 2023-2024 school year. Article 4 asks voters to replenish funds in the trust fund from unassigned fund balance, if there is surplus at the end of the fiscal year.]**

5. Shall the Deerfield School District vote to raise and appropriate the sum of **One Hundred Fifty Thousand Dollars (\$150,000)** to be added to the **Special Education Trust Fund** as previously established.

*School Board Recommends Approval [4-0-0]  
Budget Committee Does Not Recommend Approval [5-5-0]*

*If passed, the tax impact will be \$0.19 [per thousand]*

**[Note: Due to unanticipated costs for Special Education this school year, the Board anticipates using much, if not all, the funds currently in the Special Education Trust Fund for the 2023-2024 school year. Article 4 asks voters to add additional funds to the Trust Fund to be raised from taxation. Based on current projections, the Board is not anticipating a large, if any, surplus at the end of the fiscal year but did not want to replenish the Fund entirely from taxation.]**

6. Shall the Deerfield School District authorize the Board to submit to the State Board of Education for approval pursuant to RSA 194:22 the approved tuition agreements between the Deerfield School District and the Concord and Pembroke School Districts as well as Coe Brown Northwood Academy as negotiated by the school board, to be high schools maintained by the district, each of which provides for an initial term beginning on July 1, 2024 and ending on June 30, 2027, with the option for the term to be extended for two (2) years at Coe Brown Northwood Academy, for additional one (1) year periods at Pembroke Academy and Concord High School, and that the tuition to be paid to each school will be determined by the operating budget of the school and student attendance, and take such other and further acts as are necessary to give effect to this warrant article, including the adoption of minor amendments to the agreements from time to time during the terms of those agreements without further action by the school district meeting?

**[Note: The three agreements have been negotiated and signed by the sending districts (Deerfield) and the three receiving high schools (Concord, Pembroke, and Coe Brown Northwood Academy). The current 8<sup>th</sup> grade students have already selected the school they will attend next school year and the full tuition for those students, in addition to other students from the district who may seek to transfer to another school, have been included in the operating budget in Article 1, above. This**

**Article seeks authority for the school board to submit the agreements to the State Board of Education so the schools may be considered high schools maintained by the Deerfield School District.]**

7. To see if the Deerfield School District will vote to create a High School Tuition Expendable Trust Fund under the provisions of RSA 198:20-C for the purpose of unanticipated high school tuition costs and to raise and appropriate the sum of **One Hundred Forty Thousand Dollars, (\$140,000)** to be placed in this fund and further to name the school board as agents to expend from this fund. (Majority vote required)

*School Board Recommends Approval [4-0-0]*

*Budget Committee Recommends Approval [6-4-0]*

*If passed, the tax impact will be \$0.18[per thousand]*

**[Note: As Deerfield high school students may now attend any of the three high schools listed in Article 6, above, the Board anticipates an unknown number of Deerfield students may enter the district, move to town, and/or transfer into one of these schools. Because that number of students is unknown, the school board could not adequately budget for the tuition for these students and seeks to establish a Trust Fund to account for such situations related to high school tuition that might arise after budgeting season each year.]**

8. Shall the District authorize its Board to negotiate a lease of property or an easement agreement with a solar provider on such terms and conditions as it deems to be in the best interest of the District for the purpose of installing a solar panel array and related equipment at the Deerfield Community School at 66 North Road Deerfield, New Hampshire and further to authorize the Board to enter into a Power Purchase Agreement with a term not to exceed 20 years, with provisions for a buy-out of the agreement subject to subsequent appropriation, on such terms and conditions as the Board deems to be in the best interest of the District, with the understanding that the Board may decline to enter into either of these agreements if it deems the terms and conditions not to be in the best interest of the District.

**[Note: A new roof was installed on the Deerfield Community School in the summer of 2023. At the time of installation, the roof was prepped for solar and there is a one-year timeline for installation of solar panels after the installation of the roof under the current 30-year warranty. There is no upfront cost to entering into a power purchase agreement for solar power, and there is an option to either purchase the panels at a later date and recognize larger energy cost savings or continue to lease the equipment at no cost for smaller energy cost savings.]**

9. Shall the Deerfield School District vote to rescind the provisions of RSA 40:13 (known as SB 2), adopted by the Deerfield School District on March 8, 2005, so that the official ballot will no longer be used for voting on all questions, but only for the election of officers and certain other questions for which the official ballot is required by state law? [3/5 majority vote required]

**[Note: the Board included this article to be consistent with the Deerfield Board of Selectmen.]**

10. Shall the Deerfield School District vote to authorize, indefinitely until rescinded, the retention of year-end unassigned general funds in an amount not to exceed, in any fiscal year, 5 percent of the current fiscal year's net assessment, in accordance with RSA 198:4-b, II? (Majority vote required).

**[Note: The current retention of surplus funds is capped at 2.5% of the current fiscal year's net assessment of the district, and this article would increase the retention cap to 5%. In the event of a**

**surplus at the end of the fiscal year, the Board would still make a determination each year as to how much surplus to retain and how much to return to the Town. This Article does not obligate the Board to retain the maximum amount, and the funds must be returned to the Town if they are not utilized by the Board within one year.]**
