### **Proposal for Roadside Mowing**

We are pleased to submit this proposal for services to support the Town of Deerfield NH in achieving its goals to provide roadside maintenance to the town. Our services include a 22-foot reach rotary boom mower, as well as two tow behind mowers. We are fully insured. We pride ourselves with providing excellent service for customer satisfaction.

For approximately 68 miles of road, one pass for all roads and two passes for roads that need it, the bid we are submitting is \$8,400.00.

Thank you for your consideration. We look forward to working with your town.

John Fife Jr.
