

Minutes for Supervisors of Checklist February, 12 and for recessed meeting February 14, 2018

Three Supervisors met on Feb. 12 to batch the town and school deliberative sessions. The School District Clerk had not delivered the checklist used so we proceeded to batch the 103 voters from the town session. Unfortunately 3 voters were not checked as voting, this was known from the secret ballot count but Harriet remembered that Frederick McGarry had been at table as selectman and had voted so he was checked in red and scanned into voters.

It was voted to remove the 12 voters from reminders and place list in file for deaths.

Voter John Dubiansky noticed his change of address and it was corrected and placed in file and voted on the 14th to accept new address.

The meeting was recessed at 3 PM because nothing was left except the school voters for which we didn't have the checklist as marked and it was decided to come back Wednesday at 1 PM and batch the school checklist. There were 55 voters checked in to vote at the school Deliberative session.

The meeting was ended at 2 PM.
