STATE OF NEW HAMPSHIRE

FIRST SESSION:

To the inhabitants of the Town of Deerfield, in the County of Rockingham, in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall, 10 Church Street, on Saturday, the 30th day of January 2016 at 9:00 a.m. This session shall consist of explanation, discussion and deliberation of the Warrant Articles numbered One (1) through Nineteen (19). The Warrant Articles may be amended subject to the following limitations: (a) Warrant Articles whose wording is prescribed by law shall not be amended, and (b) Warrant Articles that are amended shall be placed on the official ballot for a final vote on the main motion as amended.

SECOND SESSION:

The final ballot vote for warrant articles will take place at the Town Hall, 10 Church Street on Tuesday, March 8, 2016. The polls will be open from 7:00 a.m. until 7:00 p.m.

1. To choose all necessary Town Officers for the year ensuing.
2. To see if the Town will vote to adopt amendments to the existing Town Zoning Ordinance as proposed by the Planning Board. (The amendments as proposed by the Planning Board are available for inspection at the Offices of the Town Clerk and the Selectmen during business hours of 8:00 a.m. to 7:00 p.m. Mondays and from 8:00 a.m. to 2:30 p.m. Tuesday through Friday.)

Zoning Amendment #1 Are you in favor of the adoption of zoning amendment # 1, as proposed by the Planning Board for the Town's Zoning Ordinance as follows?

Amend Section 210.5 Permitted Uses by adding a new Subsection C Vernal Pools, to read:

"C. Vernal Pools: Vernal pools are small scattered temporary springtime ponds fed by snowmelt and spring rains. Proposed uses shall avoid, minimize or mitigate any filling of a vernal pool."

Explanatory Note: The Planning Board recognizes the importance of vernal pools and believes proposed uses should either avoid, minimize or mitigate any potential filing.

Recommended by the Planning Board

Zoning Amendment #2 Are you in favor of the adoption of zoning amendment # 2, as proposed by the Planning Board for the town's zoning ordinance as follows?

Delete the existing Section 212 Commercial / Industrial Overlay and replace it with a new Section 212 entitled Deerfield Business Overlay District which includes subsections entitled Purpose and Intent, Permitted Uses, Authority, Review and Approval Process and Standards for community character, resource protection, energy performance and access. The proposed standards are similar to the existing standards. Applicants seeking Planning Board approval for a commercial or industrial use shall prepare a site plan review application and conditional use permit application. The proposed amendment eliminates the rating chart and system for proposed commercial and industrial activities.

Explanatory Note: The proposed amendment is informed by the Board's experience with 13 Commercial/Industrial overlay applications over almost 20 years. Section 212 encourages flexibility and creativity to attract compatible businesses to locate or expand in Deerfield while protecting the Town's rural character. The amendment reformats the existing criteria and clarifies the application process. It

replaces the mostly subjective rating system with an objective performance based one. It also removes requirements that already are more appropriately covered in the Town's existing Site Plan Review Regulations (adopted July 24, 2013).

Recommended by the Planning Board

Zoning Amendment #3 Are you in favor of the adoption of zoning amendment # 3, as proposed by the Planning Board for the town's zoning ordinance as follows?

Add the following definition to Article VI Definitions, Section 602 Term Definitions.

"Compatible means being capable of existing or performing in a harmonious, agreeable, or congenial manner within a village area, neighborhood, rural area and be harmonious with abutting land uses. The abutting and nearby land uses do not need to be similar to the proposed development; however, the proposed development should be capable of existing in harmony with the abutting land uses."

Explanatory Note: The proposed Section 212 Deerfield Business Overlay District uses the term compatible and the Planning Board determined a definition would be appropriate.

Recommended by the Planning Board

Zoning Amendment #4 Are you in favor of the adoption of zoning amendment # 4, as proposed by the Planning Board for the town zoning ordinance as follows?

Amend Open Space Development Section 325.1, Purpose and Objectives, by inserting the following in a new Subsection D?

"D. Open Space Plan: Subdivisions proposed under the Open Space Development ordinance shall incorporate the objectives of the Town of Deerfield Open Space Plan, dated August 2010 or later, in the overall design of the proposed Open Space Development."

Explanatory Note: This amendment would direct developers or their agent to consult the Deerfield Open Space Plan (August 2010), a chapter of the Deerfield Master Plan and incorporate the principles of the open space plan into the design of their development to the extent possible.

Recommended by the Planning Board

Zoning Amendment #5 Are you in favor of the adoption of zoning amendment # 5, as proposed by the Planning Board for the town zoning ordinance as follows?

Amend Open Space Development Section 325.4, Standards and Conditions, Subsection F, Minimum Open Space Area, to read, in part, as follows:

"... Not more than fifty percent of the Minimum Open Space Area may consist of lands within the Wetlands Conservation District or having slopes in excess of twenty percent. The area within the front, side and rear setbacks shall be included in and be a part of the Open Space."

Explanatory Note: This amendment would clarify the intent of the ordinance to include that area within the front, side and rear setbacks as part of the open space area.

Recommended by the Planning Board

Zoning Amendment #6 Are you in favor of the adoption of zoning amendment # 6, as proposed by the Planning Board for the town zoning ordinance as follows?

000005

Amend Section 330 Pleasant Lake Watershed Protection Ordinance, Section 330.6 Requirements for Development in the Watershed Protection Overlay District, Paragraph E, in part, to read:

“ . . . or a qualified professional who is familiar with erosion control measures and procedures and acceptable to the Town Engineer. *The qualified professional shall demonstrate to the Town Engineer that he/she has knowledge and training in erosion control measures and has previously prepared erosion control plans.* The erosion and sedimentation control plan . . . ”

Amend Section 330 Pleasant Lake Watershed Protection Ordinance, Section 330.6 Requirements for Development in the Watershed Protection Overlay District, Paragraph F, in part, to read:

“ . . . erosion and sedimentation *plans* proposed by the applicant and acceptable to the Building Inspector. *The Building Inspector, in determining the acceptability of the proposed controls, shall compare the proposed controls with the New Hampshire Stormwater Manual, Volume 3: Erosion and Sediment Controls During Construction as prepared by the New Hampshire Department of Environmental Services (Manual). The proposed plans shall ensure effective control and conform with the practices contained in the Manual in order to be approved by the Building Inspector.* These types of applications shall . . . ”

Amend Section 330 Pleasant Lake Watershed Protection Ordinance, Section 330.8, Buffer Requirements, and Subsection C to read:

“Any proposed development within the required buffer zone shall require approval of the Planning Board. *In determining if the development should be approved, the Board shall take into consideration the following:*
The development proposed is the least intrusive possible;
The hydrologic study shows the water quality protection by the development equals or exceeds that which would be provided by the full 100-foot wide buffer;
The applicant proposes to plant additional vegetation to demonstrably supplement and improve the existing vegetation present within the buffer which will slow the rate of runoff;
The applicant proposes to redirect the runoff from the development to extend the runoff route to the tributary; and
The applicant proposes to place other permanent obstructions to demonstrably slow the rate of runoff over what would occur within the existing buffer.”

Explanatory Note: The Planning Board recommends the design professional demonstrate knowledge and training in erosion control measures. The Planning Board provides guidance to the Building Inspector by referencing the New Hampshire Stormwater Manual Volume 3. The Planning Board proposes to add five standards for consideration when development would be allowed within the required buffer zone. At present, there are no standards for making that determination.

TOWN OF DEERFIELD
DELIBERATIVE SESSION #1

January 30, 2016

Moderator Jonathan Hutchinson opened the meeting at 9:05 am.

There is no smoking anywhere in this building.

In recognition of the labor and sacrifice of those who created, defended, and refined the privilege of a democratic government under which we assemble this morning, please rise and pledge your allegiance to our flag. As we conclude our pledge, please remain standing for a brief meditation passed down from Joe Brown.

Moderator Hutchinson led the meeting in the Pledge of Allegiance.

I suggest that we open this meeting by standing in silent meditation - asking guidance in our conduct of this Deerfield Town Meeting that may prove an effective self government for us all. Guide us in our voting by a sense of purpose and human understanding. In our hands today lie the business affairs of the town for the future. Grant us the sense of fairness to allow all citizens to participate regardless of experience. Help us to express ourselves with restraint and dignity that we may work together harmoniously for the well-being of our town in the coming year."

"So let it be."

Please be seated. Those words were written by Joe Brown and used to open Town Meetings during his tenure as Moderator.

Introductions

Welcome to the First Session of the 2016 Deerfield Town Meeting. The town officials seated before you this morning are:

Selectmen: Stephen Barry, Richard Pitman , Andrew Robertson, Rebecca Hutchinson and Jeffrey Shute.

Town Clerk: Kevin Barry assisted by Deputy Town Clerk: Kelly Ann Roberts

Town Administrator: Jan Foisy, Finance Director: Penny Touchette, assisted by Bookkeeper. Peter Lemay.

Supervisors Checklist: Harriet Cady, Gloria Riel and Tom Dillon.

Ballot Clerks: Barbara Daley, Cindy Tomilson, Cynthia Kelsey and Kathy Berglund.

Chairman Barry stood to thank Selectperson Rebecca Hutchinson for serving the Town for the last three years. She received a standing Ovation from the crowd.

Purpose, Rules, & Decorum

Each member who wishes to vote in this meeting should have checked in with the ballot clerks, and should have received a voting card and a sheet of ballots. If you are a registered voter and have not checked in yet, please do so now.

Are there any individuals present who are not registered voters of the Town of Deerfield? Though you are not permitted to vote, by Deerfield tradition you are permitted to participate in debate.

The rules for this meeting will be Robert's Rules of Order as modified by the Moderator in accordance with the laws of the State of New Hampshire.

Our meeting today is "for the transaction of all business other than voting by official ballot." This first session "shall consist of explanation, discussion, and debate of each warrant article." Our business today is to consider each warrant article and, within the limits of the law, determine the details of those articles to be voted by official ballot at the March 08th second session. Amendments to articles are in order and will be voted at this meeting. However at the conclusion of our deliberation on each article we will not vote. Instead, the chair will instruct the town clerk to place the article on the official ballot.

Our order of the day is the Town Warrant. The chair will read each article then request a motion to place it on the official ballot and a second for that motion. The maker of the motion will have the first opportunity to speak. Then the floor will be open to all. If you wish to address the meeting, please approach one of the microphones. The chair will recognize members at the microphones in turn.

When it is your turn to speak, please step up to the microphone and speak directly into it. The microphone is voice-activated, and your remarks are recorded so that the clerk may make an accurate record of this meeting.

All remarks must be confined to the merits of the pending question, or to questions of order or privilege, and all remarks must be addressed to the chair. When you are recognized, please state your name. Each speaker will be allowed three minutes to express his or her views. You may speak as many times as you wish, but all members

who wish to speak will have a first turn before any has a second. The overriding principle in all cases is fairness.

A speaker may address the currently pending question or he may move to close debate, but he may not do both in the same turn. This means that if a speaker argues for or against a motion, he may not then conclude his remarks with "and I move the previous question." We adopted this rule a number of years ago, and, with the support of the assembly, will follow it in this meeting.

A secret ballot will be conducted when requested by five members in writing prior to a hand vote. Such request must be for a specific vote, not for "all votes in this meeting" or "all amendments to this article". The secret ballot provision exists to offer secrecy, and is not intended to be used as a tactic of delay. If you wish to request a secret ballot, please approach a microphone, and, when recognized, make the request. Then pass the written request to the Moderator.

Otherwise votes will be by a show of voting cards. If the Moderator cannot judge a clear majority, he will move to a Division. Likewise if a member is not satisfied that the result announced by the Moderator is correct, he should request a Division. Division will be a count of the raised cards.

Seven members who question any non-ballot vote immediately after it is announced may request a written ballot vote. If the margin of a vote by Division is narrow, the Moderator may also move to a ballot vote.

Five voters may request a recount of a written ballot vote, "providing that the vote margin is not more than 10 percent of the total vote cast." In this case, "the recount shall take place immediately following the public announcement" of that vote.

If there is something you wish to accomplish here but you are uncertain how to proceed, please ask. You can do that at any time during the meeting at one of the microphones, or you can approach any of us during a recess.

Similarly, if during the meeting, something is not clear to you, please rise to a point of inquiry and then ask for an explanation.

Finally, the role of the Moderator is to fairly organize and regulate the meeting according to rules agreeable to the members. Rulings of the Moderator are subject to appeal by any member. An appeal must be made immediately following the ruling. A second is required. The ruling and the appeal will be explained to the meeting. Then the members will vote either to sustain or to reverse the ruling.

Please do not fold the ballots.

Place your machine – readable ballots into the ballot counting machine one at a time and gently insert each into the slot. The machine will read a ballot presented in any orientation. If there are lines at the machines, voters may insert their ballots in the box to be counted later.

The ballot clerks have privacy envelopes available for any voter who requests one to cover his or her ballots as they are inserted in the machine.

If a voter marks an erroneous vote or makes any stray marks on a ballot, he should either correct it and request that it be hand counted or return it to the Moderator as a spoiled ballot and request a new one. However a voter who spoils three ballots will not be issued a fourth.

At any time after a voter declares his or her name to a ballot clerk and receives a ballot and before he or she inserts that ballot into the ballot counting machine, any Deerfield voter or a qualified challenger appointed by the Attorney General has the right to challenge the voter. All challenges are based on either the voter not being legally qualified to vote in Deerfield (not yet 18 years of age, not a U.S. Citizen, not domiciled in Deerfield) or other legal grounds such as the voter is not the person he claims to be, has already voted in this election, has had his voting rights suspended or is an incarcerated felon. The challenge must be for a specific reason and must be submitted to the Moderator in writing on a Voter Challenge Form. If the challenge is found to be well grounded, then the voter may vote only if he or she completes and swears a challenged voter affidavit.

Any questions, concerns or complaints about the voting process should be directed to the Moderator or his assistant.

If any voter feels his rights have been violated, he should approach the moderator. If he is not satisfied with the moderator's advice or decision, he may phone the attorney general's office at 1-866-868-3703.

That part of the hall where ballots are being handled – from the ballot clerks past the voting booths to the ballot counting machines is termed “behind the guardrail”. It is to be used exclusively for the business of voting. Only voters in the process of voting, election officials working on the election and police officer should be in this area.

Voting is a public event and anyone has the right to observe. Observers should be outside the rail and leave a clear path for voters.

We will see many friends in Deerfield today. However please respect the election and comply with the law. Take conversations outside the voting area.

There is NO electioneering in the place. Campaign badges must be removed when entering and clothing bearing campaign slogans or candidates' names must be removed or covered.

We must maintain a clear 10 foot corridor to the doors to the hall. Voters should be comfortable entering and leaving the building without impediment or delay. Electioneering is restricted to the designated areas outside the building.

Zoning Amendment #1

Are you in favor of the adoption of zoning amendment # 1, as proposed by the Planning Board for the Town's Zoning Ordinance as follows?

Amend Section 210.5 Permitted Uses by adding a new Subsection C Vernal Pools, to read:

"C. Vernal Pools: Vernal pools are small scattered temporary springtime ponds fed by snowmelt and spring rains. Proposed uses shall avoid, minimize or mitigate any filling of a vernal pool."

Explanatory Note: The Planning Board recognizes the importance of vernal pools and believes proposed uses should either avoid, minimize or mitigate any potential filing.

Zoning Amendment #2

Are you in favor of the adoption of zoning amendment # 2, as proposed by the Planning Board for the town's zoning ordinance as follows?

Delete the existing Section 212 Commercial / Industrial Overlay and replace it with a new Section 212 entitled Deerfield Business Overlay District which includes subsections entitled Purpose and Intent, Permitted Uses, Authority, Review and Approval Process and Standards for community character, resource protection, energy performance and access. The proposed standards are similar to the existing standards. Applicants seeking Planning Board approval for a commercial or industrial use shall prepare a site plan review application and conditional use permit application. The proposed amendment eliminates the rating chart and system for proposed commercial and industrial activities.

Explanatory Note: The proposed amendment is informed by the Board's experience with 13 Commercial/Industrial overlay applications over almost 20 years. Section 212 encourages flexibility and creativity to attract compatible businesses to locate or expand in Deerfield while protecting the Town's rural character. The amendment reformats the existing criteria and clarifies the application process. It replaces the mostly subjective rating system with an objective performance based one. It also removes requirements that already are more appropriately covered in the Town's existing Site Plan Review Regulations (adopted July 24, 2013).

Zoning Amendment #3

Are you in favor of the adoption of zoning amendment # 3, as proposed by the Planning Board for the town's zoning ordinance as follows?

"Compatible means being capable of existing or performing in a harmonious, agreeable, or congenial manner within a village area, neighborhood, rural area and be harmonious with abutting land uses. The abutting and nearby land uses do not need to be similar to the proposed development; however, the proposed development should be capable of existing in harmony with the abutting land uses."

Explanatory Note: The proposed Section 212 Deerfield Business Overlay District uses the term compatible and the Planning Board determined a definition would be appropriate.

“D. Open Space Plan: Subdivisions proposed under the Open Space Development ordinance shall incorporate the objectives of the Town of Deerfield Open Space Plan, dated August 2010 or later, in the overall design of the proposed Open Space Development.”

Explanatory Note: This amendment would direct developers or their agent to consult the Deerfield Open Space Plan (August 2010), a chapter of the Deerfield Master Plan and incorporate the principles of the open space plan into the design of their development to the extent possible.

The Building Inspector, in determining the acceptability of the proposed controls, shall compare the proposed controls with the New Hampshire Stormwater Manual, Volume 3: Erosion and Sediment Controls During Construction as prepared by the New

Amend Section 330 Pleasant Lake Watershed Protection Ordinance, Section 330.8, Buffer Requirements, and Subsection C to read:

“Any proposed development within the required buffer zone shall require approval of the Planning Board. In determining if the development should be approved, the Board shall take into consideration the following:

The development proposed is the least intrusive possible;

The hydrologic study shows the water quality protection by the development equals or exceeds that which would be provided by the full 100-foot wide buffer;

The applicant proposes to plant additional vegetation to demonstrably supplement and improve the existing vegetation present within the buffer which will slow the rate of runoff;

The applicant proposes to redirect the runoff from the development to extend the runoff route to the tributary; and

The applicant proposes to place other permanent obstructions to demonstrably slow the rate of runoff over what would occur within the existing buffer.”

Explanatory Note: The Planning Board recommends the design professional demonstrate knowledge and training in erosion control measures. The Planning Board provides guidance to the Building Inspector by referencing the New Hampshire Stormwater Manual Volume 3. The Planning Board proposes to add five standards for consideration when development would be allowed within the required buffer zone. - determine specific curriculum to be taught to Deerfield students,

BRING A LAWN CHAIR FOR YOUR COMFORT!

WELCOME TO OUR CELEBRATION!

These events represent two years of collaboration among Deerfield's civic, social, educational, athletic and religious organizations. Dozens of individuals contributed time, resources and talent to the funding, planning and preparation. Our big weekend celebrates the vibrant and caring community we are today and proudly honors the traditions of 250 years and more. Thanks to everyone.

We thank our hosts, the
Deerfield Fair Association
for their generous support!

Baseball

Baseball has been a part of Deerfield summers for more than 130 years. On October 11, 1884 the Deerfield baseball club played East Northwood on the "Northwood grounds". The game was called after five innings due to darkness with Deerfield leading ten to nine.

On October 6, 1903, George Brown wrote, "Looks as if there will be a ball game Fair day." That fair, included "a ball game, sack and potato races, and other games."

The 1924 Fair featured, "an exciting ball game, called on account of darkness, at the end of the tenth, with the score 4 to 4, Pittsfield being Deerfield's opponent."

Grace and Preston Wares, remembering the old fair, wrote, "The afternoon started off each fair with a baseball game. Some neighboring town furnished the opposition, and no more enthusiasm is shown at Fenway Park today than was generated in those games, albeit the spectators were fewer. If a ball got hit out into the jumpers the game came to a standstill until it was found. We could only afford one ball. If the cover of the ball got battered, some friction tape repaired it, and by the game's end it was black instead of white."

In 1941 Deerfield Fair built a first-class ballfield on the Fairground. It was the home field of the town, school and Legion teams and the site of many storied games. In 1957 the Fairgrounds Field became our horse show ring.

We built a temporary field for our 250th Anniversary where we recall the storied history of Deerfield baseball and enjoy a few more games among our friends and neighbors.

Deerfield

About 1743, following a period of relative peace, Captain Jonathan Longfellow built a fortified home six miles west of Nottingham Square, believed to be the first permanent English settler's dwelling in Deerfield.

Typical of New England frontier structures it was a log garrison protected by a log palisade. Captain Longfellow, his wife Mersey, and their six young children moved in. Others soon followed creating a new frontier community.

The first settlers were skilled, industrious and pious. Everyone worked hard for it was sinful not to. They cleared land, built roads and homes, and dammed the streams to power saw mills and grist mills. Most everyone kept a cow for milk and butter, planted apple trees and grew a variety of vegetables in a home garden. They sold lumber, staves, charcoal and potash to merchants on the coast. They cultivated corn and flax for trade. Communities developed at Deerfield Parade, James City, South Deerfield, Leavitt's Hill, Rand's Corner, Coffee Town and the Old Center.

A curious Nottingham Town Meeting in April of 1765 voted "that the southwesterly Corner of Nottingham...be sett off as a Distinct Parish," specifying the boundaries which would shortly be realized. The record suggests parliamentary treachery. Thomas Simpson and Samuel Tilton, the Nottingham selectmen who authored the warrant, both lived in that southwesterly corner. Then Thomas was elected Moderator at the meeting. Thirty-seven men of eastern Nottingham, representing the most prominent families in town, signed a statement of dissent to that vote, "Because the Bandarys Ware Unreasonable: and Because

the vote was passed before the Inhabitants ware Generally Gathered as was Supposed and also Because that a Number of the men that then voted for said parish were not Legal Inhabitants nor never war Taxed in Said Town."

Nevertheless, the men of that "southwesterly Corner of Nottingham" seized the initiative. They drafted a petition to Royal Governor Benning Wentworth, his Council and the Provincial House of Representatives, "we therefore Humbly pray that You would please to Sett us off A Distinct Parish invested with all the Priviledges of other parishes within this province according to the following boundaries..."

They submitted their petition June 17, 1765. It was read by the Council, then read in the House of Representatives three times - June 28, Nov. 23 and finally on January 7, 1766, that final time as an Act of Incorporation naming our town "Deerfield". The following day, January 8, 1766, Governor Benning Wentworth signed the Act and Deerfield was separated from Nottingham, a town of our own.

Incorporation made us an independent parish in the Province of New Hampshire "Chargeable with the Duty of Maintaining the poor... repairing all Highways... and Maintaining and Supporting the Ministry and Preaching the Gospel." Samuel Leavitt was "appointed and Authorized to Call the first meeting", an obligation he met on January 30.

**TOWN OF DEERFIELD
STATE PRIMARY
SEPTEMBER 13, 2016**

Moderator, Jonathan Hutchinson opened with the following remarks:

After entering the Town Hall, approach the ballot clerks and state your name and party affiliation. If you are an undeclared voter, then state which party you wish to affiliate with.

The clerk will repeat your name to confirm that it has been heard correctly.

If you are an undeclared voter, then she will mark DEM or REP next to your name on the checklist to record your party affiliation.

If your name has been highlighted by the checklist supervisors as one of the many Deerfield voters who do not have a current voter registration form on file, she will suggest that after voting you go to the supervisors to fill out a current form. Please help them keep our checklist current.

The clerk will request your photo ID. If you have one, she will verify the image and your name. If you do not have a photo ID, she will request that you fill out a "Challenged Voter Affidavit" and have it signed by an election official.

The clerk will hand you a ballot

Enter the voting area to mark your ballots.

Please do not fold the ballots.

Place your machine – readable ballots into the ballot counting machine one at a time and gently insert each into the slot. The machine will read a ballot presented in any orientation. If there are lines at the machines, voters may insert their ballots in the box to be counted later.

The ballot clerks have privacy envelopes available for any voter who requests one to cover his or her ballots as they are inserted in the machine.

If a voter marks an erroneous vote or makes any stray marks on a ballot, he should either correct it and request that it be hand counted or return it to the Moderator as a spoiled ballot and request a new one. However a voter who spoils three ballots will not be issued a fourth.

At any time after a voter declares his or her name to a ballot clerk and receives a ballot and before he or she inserts that ballot into the ballot counting machine, any Deerfield voter or a qualified challenger appointed by the Attorney General has the right to challenge the voter. All challenges are based on either the voter not being legally qualified to vote in Deerfield (not yet

000068

18 years of age, not a U.S. Citizen, not domiciled in Deerfield) or other legal grounds such as the voter is not the person he claims to be, has already voted in this election, has had his voting rights suspended or is an incarcerated felon. The challenge must be for a specific reason and must be submitted to the Moderator in writing on a Voter Challenge Form. If the challenge is found to be well grounded, then the voter may vote only if he or she completes and swears a challenged voter affidavit.

Any questions, concerns or complaints about the voting process should be directed to the Moderator or his assistant.

If any voter feels his rights have been violated, he should approach the moderator. If he is not satisfied with the moderator's advice or decision, he may phone the attorney general's office at 1-866-868-3703.

That part of the hall where ballots are being handled – from the ballot clerks past the voting booths to the ballot counting machines is termed "behind the guardrail". It is to be used exclusively for the business of voting. Only voters in the process of voting, election officials working on the election and police officer should be in this area.

Voting is a public event and anyone has the right to observe. Observers should be outside the rail and leave a clear path for voters.

We will see many friends in Deerfield today. However please respect the election and comply with the law. Take conversations outside the voting area.

There is NO electioneering in the place. Campaign badges must be removed when entering and clothing bearing campaign slogans or candidates' names must be removed or covered.

We must maintain a clear 10 foot corridor to the doors to the hall. Voters should be comfortable entering and leaving the building without impediment or delay. Electioneering is restricted to the designated areas outside the building.

Also, under RSA 664:17 "No political advertising shall be placed on or affixed to any public property including highway right – of – way".

And per RSA 659:43, I Distributing campaign materials at Polling Place. No person shall distribute, wear, or post at a polling place any campaign material in the form of a poster, card, handbill, placard, picture, pin, sticker, circular, or article of clothing which is intended to influence the action of the voter within the building where the election is being held.
