Perambulation Epsom and Deerfield Town Line - May 1966

Town Line Epsom + Deerfield Perambulation

Pursuant to a notice from the Selectmen of the Town of Epsom to the Selectmen of the Town of Deerfield, the undersigned met and proceeded to perambulate the line between the said towns and renew marks and bounds thereon.

Beginning at a stone monument marked "DEA" 1888 - '51, etc., on the Deerfield Line at the southeasterly corner of the Town of Epsom.

Thence N38-6' E, about 376 rods to a stone in the wall on the easterly side of Monroe's pasture marked E on the westerly side of wall and another stone on the easterly side of said wall marked D'02-16,-51. This is on top of a hill. Coming back from these markers on the hill (in easterly wall of Monroe pasture) a few rods toward the point of beginning; we discovered a small stone set in the ground with marks, which appeared to be a Town Line marker, but not mentioned in any recent perambulation.

Thence N42-51' E about 56 rods to a stone marked E on the westerly side and D on the easterly side, also 51, the same being in wall at southeasterly corner of Chesley pasture, and north-easterly of Monroe's pasture

Thence same course 32 rods to a stone marked X standing 27½ links west of easterly wall of Chesley pasture, now owned by Barton Bros.

Thence N37-44' E about 520 rods to a stone marked DE'02-'51 on northerly side of road and westerly of the former residence of William Riley.

Thence same course to a stone pile on northeasterly side of F. Locke's Hill, one stone being marked L (in a small stone pile). This stone may be found by following the first cross wall on the left as you go up the

Perambulation Town Line

road to Lock's Hill (now owned by Robert Forrester). This wall runs appropimately S.E. The marker is a few rods south of where this wall turns S.W.

Epsom + Deerfield

Thence to a stone marked D and E in wall on southerly side of road leading from residence of late J. E. Griffin (now Robert Forrester's residence) to Deerfield.

Thence N 37 - 6' E to tar road (107) near cement bridge on northerly side of Deerfield Epsom New Road and easterly side of Brook.

Thence same course to the abutment of the cement bridge near the Ritchie Place, southeasterly side of road and easterly side of Brook, note; (There is no established bound on the bridge.)

Thence same course to a stone set in a pile of stones (at root end of down white oak formerly marked). This stone is marked D-E 37 - 51. Thence same course to an iron pipe on the southerly side of Northwood Lake.

Thence same course across meadow and Northwood Lake to a three-sided stone monument marked E 1909 - N D, 1913 on sides and X on top. This stone stands about 18 rods north of the shore of Northwood Lake and about 456 rods from road at former residence of William Riley and is established as the bound between the Towns of Epsom Deerfield and Northwood.

In witness thereof we have hereunto set our hands.

at the door because it had been called to his

Use of checklist at door

attention that, at the March 14th meeting, some had voted on the show of hands vote, who were not entitled to do so. He asked to have a motion made covering the total amount of the budget raised at the last meeting, to quiet any further talk.

In each storm period Private contractors plowing and sanding for the Town of Deerfield shall complete all town work before undertaking any private work.

Richard Gilson asked if this excludes plowing in the lake area. This should be plowed out in the winter time and asked the Selectmen what their intention would be.

Barclay Briggs replied we have done just this thing. We have felt obligated to keep these roads in shape. It appears we will be keeping on as in the past.

Joanne Wasson said the Town has no legal right to take care of any private road whatsoever. The procedure to go through is to make the road legally a town road.

Article 11.

Motion of Richard Gilson, seconded by Kenneth Geller, that this Article be indefinitely postponed.

Moderator read amendment

Moderator read amendment submitted to him by Eward H. Burtt, who was absent, as follows:

Amendment of Ed Burtt

Amend Article 11 by changing the amount to read $5,000.00 and eliminate the last sentence. Thus the article would read: To see if the town will vote to raise and appropriate the sum of $5,000.00 to commence work on the complete reevaluation of the town.

Selectman Sherburne spoke for $5,000 for reevaluation

John Sherburne stated many people feel the town should have some form of reevaluation. I do not advocate the State Tax Commission or any fancy firm coming to do it. Rather I do have a proposal. Looking over the towns in the past month, I think we have to go over the whole town. Now we are talking about 1000 parcels approximately in Deerfield. If the Selectmen would go over 1000 pieces, we would consider that 1000 hours work, one-third of the year. I don't believe it is possible for the Selectmen to do it. I would like to see a sum of money for the Selectmen's use $5,000.00, rather than $15,000.00, the University of New Hampshire is very interested in helping us. They would do a lot of the leg work.

Moderator stated amendment was taken up under Art 11 last Tuesday

Moderator was questioned concerning Ms. Burtt's amendment. He stated Ms. Burtt handed this amendment to him at meeting last Tuesday. Moderator was asked what article it was taken up under last Tuesday. Moderator stated Article 11. Moderator was questioned because Article 11 was not taken up last Tuesday. Moderator said he would disregard Ms. Burtt's amendment.

Moderator told of Motion to postpone

Moderator was informed from the floor there was a motion, duly seconded, to indefinitely postpone.

Moderator ruled on amendment

Moderator ruled amendment took precedence.

John Sherburne presented the following amendment: I move to amend the motion by changing the amount to read $5,000.00 and

John Sherburne presented amendment

eliminate the last sentence. Thus the article would read: To see if the Town will vote to raise and appropriate the sum of $5,000.00 to commence work on the complete reevaluation of the Town. Amendment seconded by Rodger Grace.

More discussion followed.

Moved to refer this to Advisory Budget Com.

Preston B. Wares moved to commit this to the Advisory Budget Board for further study and to report back to the 1973 Annual Town Meeting. Seconded by Lenard T. Burritt.

Charles Lemich inquired who would be doing the reevaluation.

John Sherburne stated the Whittemore School at U.N.H. would help

Mr. Sherburne stated reevaluation would be completed for $5,000.

$5,000.00 at least starts it. He was asked if he would be willing to put in the records to complete it for the amount of $5,000.00. He replied, "I am willing."

The following ruling was received from the Moderator, March 13, 1973:

"After examination of the tax records of the Town and records and plans of the State of New Hampshire Water Supply and Pollution Control Commission and Planning Department, I hereby rule that Article 2 of the 1973 Warrant for Town Meeting amending Article 4 (A) (4) of the Zoning Ordinance carried by a majority vote of 240 in favor of the amendment to 191 opposed. The petitioners seeking a two-thirds vote on said Article under RSA 31:64 are not the owners of twenty percent of the area included in the proposed zoning change, and therefore, a simple majority vote was all that was required.

Annual Town Meeting, March 8, 1977

Moderator James A. McIntyre called the meeting to order at 10:00 A.M.

Warrant read by the Moderator.

The Moderator read a petition that was filed with him on March 6, 1977 signed by property owners on and adjacent to Brown Road (area C).

Ruling of the Moderator, upon advice of Town Counsell, read as follows: "Ruling on petition of Landowners on and adjacent to Brown Road (area C) that this legislative body note their opposition to proposed Ballot Zoning Ordinance Amendment No. 2 under the provisions of RSA 31:64, filed with the Moderator on March 6, 1977, a 3/3 majority of the vote taken is necessary to pass.

The signatures on the petitions do represent 20% of the landowners in Area C on Brown Road, as verified by town records. The petition also included signatures from other persons who are not landowners in Area C on Brown Road.

Town Counsel advised that the adoption of Zoning Ordinance Amendment No. 2 on the ballot would, in a legal sense, affect the landowners in areas other than Area C on the Brown Road in that

a. The Brown Road Landowners would have the same options as to use of their land as they now have, i.e. they may or may not have trailers and mobile homes on their land, and

b. All other landowners in the town will have their rights diminished, i.e. they may not have trailers and mobile homes on their land, therefore

c. The petition would have required signatures of persons owning 20% or more of the land affected by the passage of this Ordinance to meet the requirements of RSA 31:64.

Petition is denied. Majority vote to pass stands."

Ballot boxes were examined and shown to be empty.

Ballots counted.

Re: Sale of Cemetery Lots

"RSA 35:1 provides that a town may raise and appropriate money for the establishment of a capital reserve fund for financing all or part of the costs of (a) the construction, reconstruction or acquisition of a specific capital improvement, or the acquisition of a specific item or specific items of equipment, or (b) the construction, reconstruction or acquisition of a type of capital improvement or the acquisition of a type of equipment, or for two other purposes not relevant to your question. I checked with Fred LaPlante yesterday, and he agrees with me that acquisition of land for cemetery expansion may properly be considered acquisition of a specific capital improvement within the meaning of RSA 35:1. RSA 35:5 states that there may be paid into the capital reserve fund "such amounts that may from time to time be raised and appropriated therefore, within the limits as provided in section 8 of this chapter (section 8 states that the town may not raise and appropriate in any one year an amount in access of one-half of one percent of the last assessed valuation), and any such town ..... may also vote to transfer to said fund under a proper article in the warrant, in the case of a town or district, any of its unencumbered surplus funds remaining on hand at the end of any fiscal year." Technically, section 5 of the statute above-quoted may propose some problem, because according to its provisions you must have unencumbered surplus funds on hand in order to make a transfer to the capital reserve fund. Fred LaPlante did not, however, think that was such a serious problem to prevent you from going ahead and setting up the fund.

In order to set up the fund, you must have

a majority vote of the legal voters present and voting at an annual meeting and there must be an article in the warrant distinctly stating the purposes for which such reserve is to be established. You should remember in drafting the article for the warrant that the term capital improvement does not include ordinary repair or current maintenance and therefore the article should not authorize payment of any part of the fund for repair or current cemetery maintenance.

RSA 35:10 provides that the trustees of trust funds of the town shall have custody of the capital reserve fund. They must give a bond in the form and such amount as the Department of Revenue Administration prescribes.

Once the capital reserve fund has been set up, it will be necessary each year to place an article in the warrant authorizing transfer of the sale proceeds to the capital reserve fund and indicating that they are, in effect, unencumbered surplus funds on hand at the end of the fiscal year."

Motion put to vote. It was a vote in the affirmative and the motion carried.

ROCKINGHAM, SS SUPERIOR COURT

BACK NORTH LIVING, INC.

vs.

TOWN OF DEERFIELD

BILL IN EQUITY

NOW COMES the Plaintiff, Back North Living, Inc, whose business address is c/o Barclay Briggs, South Deerfield, New Hampshire, and complains against the Defendant, Town of Deerfield, a New Hampshire municipal corporation, and says:

1. That the Plaintiff is a New Hampshire corporation formed for the purpose of purchasing, on 4 October 1972, a tract of land located in the Town of Deerfield on Route 107A, consisting of approximately 44.1 acres, with the intention of subdividing said tract.

2. That the Defendant is a municipal corporation of the State of New Hampshire.

3. That on 17 January 1973, the Planning Board of the Defendant Town approved the subdivision of the 44.1 acre tract into nineteen 2-acre lots, subject to certain conditions relative to the construction of roads within said subdivision. Said subdivision plan was duly recorded on 8 February 1973 and is entitled "Subdivision Plan of Back North Living, Inc.," surveyed by T. W. Chesley, Northwood, N.H., numbered D-3500, and recorded in Rockingham County Registry of Deeds.

4. That the Defendant Town filed a Bill in Equity against the Plaintiff-Corporation on 13 August 1975 in this Court seeking to prevent the Corporation from deeding out a portion of the tract. This matter was entitled Town of Deerfield v. Back North Living, Inc., numbered E-1153-75.

5. That on 27 September 1976, after extensive discovery, this Court granted the Corporation's Motion to Dismiss, stating in its order on the Plaintiff's Motion for Reconsideration and Clarification "the Court's ruling was based on a finding that zoning ordinance allegedly adopted in 1970 was invalid, and all amendments subsequent thereto are necessarily invalid."

6. That the Plaintiff is informed and believes that in March 1977, the Defendant Town adopted a zoning ordinance with a minimum 3-acre requirement.

7. That on 15 August 1977 your Plaintiff, Back North Living, Inc., entered into a purchase and sale agreement with Pine Cone Associates, whose principal is Edward Jewett, for the purchase of nine lots in said recorded subdivision for a sum of $30,000.00, subject to the conditions imposed by the Planning Board.

BACK NORTH LIVING, INC.

vs.

TOWN OF DEERFIELD

BILL IN EQUITY

NOW COMES the Plaintiff, Back North Living, Inc, whose business address is c/c Barclay Briggs, South Deerfield, New Hampshire, and complains against the Defendant, Town of Deerfield, a New Hampshire municipal corporation, and says:

1. That the Plaintiff is a New Hampshire corporation formed for the purpose of purchasing, on 4 October 1972, a tract of land located in the Town of Deerfield on Route 107A, consisting of approximately 44.1 acres, with the intention of subdividing said tract.

2. That the Defendant is a municipal corporation of the State of New Hampshire.

3 That on 17 January 1973, the Planning Board of the Defendant Town approved the subdivision of the 44.1 acre tract into nineteen 2-acre lots, subject to certain conditions relative to the construction of roads within said subdivision. Said subdivision plan was duly recorded on 8 February 1973 and is entitled "Subdivision Plan of Back North Living, Inc.," surveyed by T. W. Chesley, Northwood, N.H., numbered D-3500, and recorded in Rockingham County Registry of Deeds.

4. That the Defendant Town filed a Bill in Equity against the Plaintiff-Corporation on 13 August 1975 in this Court seeking to prevent the Corporation from deeding out a portion of the tract. This matter was entitled Town of Deerfield v. Back North Living, Inc., numbered E-1153-75.

5. That on 27 September 1976, after extensive discovery, this Court granted the Corporation's Motion to Dismiss, stating in its order on the Plaintiff's Motion for Reconsideration and Clarification "the Court's ruling was based on a finding that zoning ordinance allegedly adopted in 1970 was invalid, and all amendments subsequent thereto are necessarily invalid."

6. That the Plaintiff is informed and believes that in March 1977, the Defendant Town adopted a zoning ordinance with a minimum 3-acre requirement.

7. That on 15 August 1977 your Plaintiff, Back North Living, Inc., entered into a purchase and sale agreement with Pine Cone Associates, whose principal is Edward Jewett, for the purchase of nine lots in said recorded subdivision for a sum of $30,000.00, subject to the conditions imposed by the Planning Board.

BERNARD J. ROBERTSON, ATTORNEY AT LAW, 41 FRONT STREET, EXETER, NEW HAMPSHIRE 03833

8. That on 15 August 1977 Mr. Jewett met with the Selectmen of the Defendant Town and on 17 August 1977 Mr. Jewett met with the Planning Board of the Defendant Town and at both meetings was advised that if he conformed with the road and utility line requirements he could proceed with the subdivision as per the original subdivision plan.

9. That after the verbal approvals, Mr. Jewett received a letter from the Deerfield Planning Board which advised him that upon the advice of the Town Counsel, it would be necessary for him to submit a new subdivision plan consisting of 3-acre lots and 200 foot frontage for approval in accordance with the March 1977 zoning ordinance.

10. That RSA 36:24-a, effective 20 July 1975, provides as follows:

> Every plat approved by the Planning Board and properly recorded in the register of deeds shall be exempt from all subsequent changes in subdivision regulations and zoning ordinances adopted by any city or town, except those regulations and ordinances which expressly protect the public health standards such as water quality and sewage treatment requirements, for a period of three years, after the date of recording, subject to each of the following conditions:
>
> I. Active and substantial development or building shall have commenced on the site by the owner or his successor in interest in accordance with the approved plat within twelve months after the date of approval, or in accordance with the terms of said approval, and where a bond to cover the costs of roads, drains, or sewers is required in connection with such approval, such bond is posted with the city or town at the time of commencement of such development.
>
> II. Development remains in full compliance with the public health regulations and ordinances specified in this section.
>
> III. At the time of approval and recording the plat conforms to the subdivision regulations and zoning ordinances then in effect at the site of such plat.

11. That Town Counsel's opinion and the notice of the Planning Board dated 19 August 1977 to Mr. Jewett has caused Mr. Jewett to delay performance of the purchase and sale agreement, but that Mr. Jewett would be willing to complete the agreement if the Court orders that the 2-acre subdivision is valid.

12. That the 2-acre subdivision is valid under the terms of RSA 36:24-a as the Plaintiff in this case, Back North Living, Inc. could not develop the property due to the improvidently brought Bill in Equity, entitled Town of Deerfield v. Back North Living, Inc., #E-1153-75, previously mentioned, and due to the invalid zoning ordinance of 1970 and thereafter.

BERNARD J. ROBERTSON, ATTORNEY AT LAW, 41 FRONT STREET, EXETER, NEW HAMPSHIRE 03833

13. That there is no sound reason in law or equity for Town Counsel's opinion and the subsequent ruling of the Planning Board that a 3-acre subdivision was necessary.

14. That the Town's requirement for a 3-acre subdivision is unreasonable as applied to the Plaintiff.

15. That the ruling of the Town Counsel is confiscatory as it has the effect of taking a recorded subdivision away from the Plaintiff without just compensation.

16. That the March 1977 zoning ordinance of the Town of Deerfield is invalid as it was not adopted in accordance with the requirement of a comprehensive plan pursuant to RSA 31:62 and i instead, was adopted for the sole purpose of limiting growth in the Town of Deerfield for the benefit of the present residents of the Town, contrary to general welfare.

WHEREFORE, Your Plaintiff prays:

A. That orders of notice be issued to the Defendant Town of Deerfield.

B. That an immediate hearing be held on the issue of whether or not the prior recorded 2-acre subdivision of the Plaintiff's is valid.

C. That a temporary and permanent injunction be issued a against the Town of Deerfield enjoining the Town from interfering in any way with the transfer of the property to the prospective purchaser and the subsequent development of the said property.

D. That the Town be ordered to pay to the Plaintiff reasonalbe attorney's fees for the bringing of this Bill in Equity.

E. And for such other and further relief as may be just an equitable.

Respectfully submitted,

2.) General Provisions.

d. This Ordinance applies only to new residential construction and has no application to the issuance of permits for construction of commercial facilities or to permits for reconstructing buildings damaged by fire or other causes.

3. Definitions.

a. "Mobile Home" means a detached dwelling unit designed for transportation after fabrication on highways on wheels, flatbed, or other trailer, and which, upon arrival at a prepared site where it is to be occupied as a dwelling, is complete and ready for an assembly operation, location on a temporary or permanent foundation and connection to utilities. However, no permit shall be issued for any mobile home which does not carry a seal certifying that the standards of the U. S. Department of Housing and Urban Development for mobile homes have been met.

b. "Record holder" means that person or entity who owns the land for which a permit is sought at the time of application; ownership to be established by a deed recorded at the Rockingham County Registry of Deeds prior to the filing of an application for a permit.

4. Enforcement.

Any person who, through any means whatsoever, obtains more than the number of permits to which he is entitled in any one calendar year shall be guilty of a violation and shall be subject to a fine of $100.00 and such illegally obtained permits shall be void.

5. Conflicting Provisions.

Whenever it appears that the provisions of this Ordinance differ from or conflict with those of any other ordinance, statute or regulation, that provision which imposes the greater restriction or higher standard shall govern.

6. Separability.

If any section, clause, provision, portion, or phrase of this Ordinance shall be held to be invalid or unconstitutional by any court or other competent authority, such holding shall not affect, impair or invalidate any other portion of this Ordinance.

7. Effective Date.

This Ordinance shall become effective upon adoption by the Town. For purposes of enforcement during the first calendar year in which this Ordinance is in effect, all residential building permits and permits for the placement of mobile homes issued prior to the effective date shall be taken into account in determining the maximum number of such permits which may be issued in that calendar year to any one person. In addition, persons to whom such permits were issued shall be entitled to only the number of permits, including those issued prior to the effective date of this Ordinance, as set out in this Ordinance; but no person to whom more than the maximum number of such permits were issued shall be subject to any penalties under this Ordinance solely because he had obtained more than his maximum number of permits prior to the effective date.

Legal Notice
Notice of Public Hearing
Town of Deerfield, New Hampshire

In accord with the requirements of New Hampshire Revised Statutes Annotated Chapter 31:63-a the Planning Board will conduct the second public hearing in the Deerfield Town Hall on Thursday, February 22, 1979 at 7:30 P.M. for the purpose of providing interested parties an opportunity to be heard on the following proposed amendments to the Deerfield Zoning Ordinance.

To amend the Zoning Ordinance as follows:

a) Article 3 General Provisions, Section 3.6 Amend to Following:

3.6 Rock, sand, gravel, and similar earth materials may be removed for commercial purposes in such locations where permitted under the terms of this Ordinance after a variance for such operation has been issued by the Board of Adjustment with prior review and recommendations by the Planning Board. The office of the Board of Selectmen may then issue an earth removal permit after said variance is granted.

1. Before granting a variance for any new sand, gravel, or rock operation or the reactivation of any such operation, the Board of Adjustment shall require the owner:

a. To submit a five year plan of proposed withdrawl and restoration.

b. To make reapplication for further use under the same requirements as for the original application, if the operation is not completed within the five year period or if an expansion is desired.

2. The plan review by the Planning Board and the Board of Adjustment shall take into consideration the following items.

a. Fencing, landscaped buffer strips, public safety.
b. Advertising signs, lighting.
c. Parking space, loading and unloading areas.
d. Entrances and exits.
e. Time period for operation.
f. Hours of operation.
g. Methods of operation.
h. Weight and loading limit of trucks.
i. Sand and gravel spillage upon public streets.
j. Present and final topography.
k. Damage to Town roads and bridges.

3. The Board of Adjustment may impose any conditions as necessary to safeguard the health, safety and welfare of the community. The following conditions shall be considered and may be imposed by the Board of Adjustment:

a. A bond, payable to the Town in the amount specified, issued by a commercial surety company doing business within the State of New Hampshire, shall be filed with the Town Clerk by the Owner and/or Operator. The bond shall indemnify and save the Town harmless from all claims, damages, costs and expenses arising from any operation involving the removal of earth materials. The bond shall further be conditioned upon the satisfactory performance of all requirements imposed by the Zoning Ordinance of the Town and the conditions imposed by the Board of Adjustment for granting of this variance. All proceeds of bonds or other security shall be expended in accordance with these requirements and conditions.

b. All equipment used for the removal of earth materials related activities shall be constructed, maintained, and operated in such a manner as to eliminate, as far as practicable, noise, odor, vibration, or dust which may be injurious or annoying to persons living in the vicinity. No power-activated sorting or crushing machinery or equipment shall be located within three hundred feet of any street or

other property line, and all such machinery shall be equipped with satisfactory dust elimination devices.

c. No removal of earth materials from an open pit shall be permitted which creates a slope steeper than two feet horizontal to one foot vertical.

d. The removal of all material shall be conducted so as not to result in substantial damage to abutting land giving due regard to the contours in the vicinity. The digging or creating of pits or steep slopes except for exposed ledge, shall not be permitted, unless provisions are made to fill such pits.

e. Upon the completion of removal of earth material, all plants, buildings, structures (except fences) and equipment shall be entirely removed from the property and all stock piles shall be removed or back-filled into the pit within sixty (60) days after such completion.

f. Operation of equipment and removal of earth materials from the property shall be permitted only between the hours established by the Board of Adjustment, excepting in the case of emergency or whenever any reasonable or necessary repairs to equipment are required to be made.

g. Every owner or operator, before commencing commercial removal of earth material, shall be insured to an extent specified against liability arising from production or activities or operations incident thereto conducted or carried on under or by virtue of any law or ordinance imposed by the Board of Adjustment. Such insurance shall be kept in full force and effect during the period of operation. Proof of said coverage shall be filed with the bond with the Town Clerk.

h. All access gates in the perimeter fencing shall be of a type approved by the Board of Adjustment and shall be securely locked during hours of non-operation.

i. All access roads to the operating area shall be surfaced with a material to be approved by the Board of Adjustment.

j. Permits for earth removal operations are obtained from the Board of Selectmen and are good for one year after the date of issuance. If the permit is not renewed within sixty (60) days of the anniversary date, the operation would revert to inactive status. The restarting of an inactive operation shall be in accordance with Section 3.6.1 of this Ordinance.

k. Upon cessation of removal of earth materials, or the expiration of the permit the following requirements for rehabilitation or reclamation of the affected land shall be fulfilled:

1. The excavation operation sites shall be graded smooth and left in a neat condition. Exposed cut slopes and spoil banks shall not be allowed to remain in an untreated condition except for exposed ledge. The operation site shall be fertilized, mulched and reseeded so as to establish a firm cover of grass or other vegetation sufficient to prevent erosion under the supervision and to the satisfaction of the Board of Selectmen.

2. All surface area affected shall be graded and no area shall have a slope steeper than four feet horizontal to one foot vertical.

l. A buffer strip of 200 feet shall be left between the location of any earth removal operations and all property lines unless mutually agreed by and waived by abutting owner of sand and gravel pits.

m. Earth removal operations shall not affect, in any manner, the present natural drainage in the area.

n. Stripping of topsoil for sale or for use on other premises shall be prohibited.

o. Suitable traffic control measures shall be made available by the operator at all access points adjoining public highways.

b) Article 5 Special Exceptions, Amend as Follows:

Delete the following – "Any use not referred to in this section or elsewhere in this Ordinance, shall be permitted as a special exception only."

c) Article 6 Mobile Homes, Amend to Following:

6.1 Standards - A mobile home used as a place of permanent residence in the Town of Deerfield must meet the standards of the U. S. Department of Housing and Urban Development. These standards include fire and wind resistance. A mobile home must carry a seal certifying that these standards have been met.

6.2 Purpose - A major purpose of this Article is to protect the value of property, to provide safe and health living conditions for all the inhabitants of the Town of Deerfield, and to facilitate the adequate and economical provisions of schools and other public requirements. A mobile home is of proven value in fulfilling a given need under given conditions, and yet its very mobility makes it difficult to provide and plan for the protection of property values, for the provision of public facilities, and for the protection of the municipality against sharp and sudden fluctuations in the demands upon its public services.

6.3 Limitations of Number of Building Permits Issued for Mobil Homes - the number of building permits issued for mobile homes shall be limited to a ratio of one permit for every ten conventional single-family or two-family dwellings that have been substantially constructed after the date of the enactment of this Ordinance. A mobile home permit shall be available for issuance each time ten (10) conventional single-family dwellings or two-family dwellings have been constructed in the Town.

a. Building permits for mobile homes shall be issued by the Building Inspector in the order in which applications therefore were received.

b. All applications shall present proof that the mobile home meets the H. U. D. safety standard requirements called for in Section 6.1 above.

c. All existing mobile home in the Town as of the date of enactment of this Ordinance may be replaced by another mobile home. Such replacement shall not be subject to the aforementioned ratio requirement, provided the new mobile home meets all requirements in Section 6.1 of the Ordinance.

d) Article 8 Enforcement, Amend to Following:

Article 8 Administration and Enforcement

8:1 The administrative and enforcement office for this Ordinance shall be known as the Building Inspector who shall be appointed by the Board of Selectmen. The Building Inspector shall administer the Zoning Ordinance and Building Code and shall not have the power to permit any use of land or buildings which is not in conformance with this Ordinance and the Building Code. Until a Building Inspector is appointed or if a vacancy exists in the office of Building Inspector, the Board of Selectmen shall perform these duties.

8:2 Hereafter, no land use shall be commenced or changed and no structure shall be erected, altered or enlarged until the person conducting such use or erecting or enlarging such structure has obtained a building permit from the Building Inspector.

a. Application for a building permit shall be upon an appropriate form to be prescribed by the Town and shall be accompanied by:

1. Plans, drawn to scale, showing the actual shape, dimensions and location of the lot to be used, of existing buildings upon it, of alterations proposed for existing buildings, and of proposed new buildings.

2. Information as to the existing and intended use of each building, lot, or parcel thereof, and as to the number of families, lodgers, or other occupants any building upon the premises is designed to accommodate.

b. If the Building Inspector determines that an application for permit is in compliance with a permitted use as defined in this Ordinance, and after reviewing the permit application with the Board of Selectmen, the application shall be approved. Before issuing a Building Permit the Building Inspector will publish in the local paper a Notice of Issuance, stating that the permit will

be issued five days after the publication of the Notice and that there is a 30 day appeal period. The Building Inspector shall act upon any application within thirty (30) days after it has been filed. On approval by the Board of Adjustment of a variance or special exception, the Building Inspector shall publish a Notice of Issuand.

The Notice shall list the Owner; the location, size, and frontage of the lot; the size of the proposed structure; and whether the application has received a variance or special exception from the Board of Adjustment.

c. A building permit shall become void if construction is not begun thereunder within twelve (12) months from the date of issuance of the permit. Permits may be extended once for no more than an additional twelve (12) months by the Building Inspector on receipt of a written request for extension at least fourteen (14) days prior to the expiration of the original permit.

d. No permit issued hereunder shall be transferable to a subsequent owner.

8.3 It shall be unlawful to use or occupy or permit the use or occupancy of any land or structure created, erected, changed, converted, altered or enlarged in its use or structure, except for normal repair or redecorating, after the effective date of adoption or amendment of this Ordinance until a certificate of occupancy is issued therefore by the Building Inspector. Prior to the issuance of any certificate of occupancy, the Building Inspector shall insure that all the requirements of this Ordinance pertaining to that land or structure are met.

8:4 The Board of Selectmen shall administer a schedule of fees and a collection procedure for building permits, certificates of occupancy. Until all applicable fees have been paid in full, no action shall be taken on any application or appeal.

e) Add New Article 7 as Follows and Renumber Existing Articles 7 Through 14

Article 7 - Building Permit Limitations

7.1 Record Holder - means that person or entity who owns the land for which a permit is sought on April 1 of the year of application; ownership to be established by a deed recorded at the Rockingham County Registry of Deeds prior to the filing of an application for a permit.

7.2 Purpose - The purpose and intent of this article is to regulate the pace of growth of the Town so as to ensure orderly growth at a rate consistent with the physical and financial capabilities of the Town. The further purpose of this article is to plan for growth and expansion to avoid sudden overburdening of our schools, police and fire departments, and taxpayers.

7.3 General Provisions -

a. The Building Inspector shall issue residential building permits only upon application by the record owner of the land involved.

b. The number of residential building permits which may be issued in any calendar year shall be limited to the following:

1. A record holder of 10 or less acres in the Town of Deerfield may obtain one permit per calendar year.

2. A record holder of more than 10 but less than 25 acres in the Town may obtain two permits per calendar year.

3. A record holder of more than 25 but less than 50 acres in the Town may obtain three permits per calendar year.

4. A record holder of 50 or more acres in the Town may obtain four per calendar year.

c. A building year shall be from April 1 of one year to March 31 of the following years.

d. A record holder may transfer to a grantee the rights to a residential building permit as presented in 7.3 b by notifying the Planning Board in writing within sixty (60) days of the conveyance on the land for which a building permit is sought. Said transfer shall constitute

a release by a record holder to a grantee of the record holder's right to apply for a residential building permit so transferred and shall convey to the grantee the same rights to apply for a residential building permit or permits as the record holder possessed under this section. Such transferred rights shall terminate if not exercised by the end of the building year in which they are transferred. Otherwise, residential building permit rights will accrue to a grantee in accordance with 7.3 b.

e. Building permits shall expire if unexercised within twelve (12) months of the date of issuance.

f. This Ordinance applies only to new residential construction and has no application to the issuance of permits for construction of commercial facilities or to permits for reconstructing buildings damaged by fire or other causes.
