of the inhabitants of the town. The worthy donor who desires that his name may not be mentioned in connexion with the gift has entrusted to me the arrangements for the establishment of the Library to my judgement.

I need not assure you that I am desirous to pay due regard to the wishes of the donor and to fulfil this trust to his satisfaction and to the best advantage of the town.

With this object in view I have already carefully selected and purchased books to the amount of about eight hundred dollars the balance of the donation being reserved to meet other necessary expenses attending the organization of the Library.

This property I now hereby offer on behalf of the Liberal donor to the town of Deerfield through you, gentlemen, its legal agents upon these two conditions namely

First That the town establish at once and maintain a Free Public Library for the use of the inhabitants of the Town.

Second That the property offered be faithfully applied to the establishment and maintainance of a Free Public Library of the Town.

I beg to suggest that a special Town meeting be called as soon as practicable to act upon the question of accepting the offer.

I would further suggest that the library should the town vote to establish one be placed in the controll of a board of Trustees consisting of six members, holding office for three years, two being chosen each year the said Trustees to have in their hands

not only the administration of the Library but also the care, management and disbursement of its funds whether derived from gifts, bequests or from appropriations by the Town

Philbrick

Resolution on the death of Hon John D.

The citizens of the town of Deerfield, having learned with regret of the death of Hon John D. Philbrick would place on thier records and transmit to his family a testimonial of his worth, and an expression of thier sense of loss in his decease: They recognize the service that he has rendered to the cause of education, and would witness to its great value:

They also greatfully acknowledge thier indebtedness to him for his interest in his native town, especially for his wise and careful selection of the books for the Library, with which his name is associated. Its value is in no small degree owing to his faithtaking labor. They would testify to his worth as a man, and to the great good that his life work has accomplished.

Auditors Report

With due respect to the action of the meeting of March 8–1904 relative to the vote that the Auditors elected at this meting be authorized and instructed to revise the accounts sufficiently to correct any errar in regard to Collectors accounts and the Philbrick James funds —

We your Auditers after due consideration have This to say. We think there is no question but what an Errar exists in the record of accounts as kept between the Town and the Philbrick James Library and that thereby there has been covered into the Town Treasury the sum of two hundred dollars of the income of the Library.

The records have been kept in such a manner that they are not plain and we think there might possibly be much of contention if the matter were to be pressed by the Library trustees and we therefore recommend a compromise if such can be arranged whereby the Town shall refund to the Library the sum of one hundred dollars.

As regards Collectors accounts we do not understand that any deficiency exists or that any errar stands out prominent the only thing called in question being a little matter of interest between W.F. Jones as Collector and J.M. Kelley as Treasurer therefore your Auditors did not see fit to examine the records according to the scope of the vote as passed and recorded. but take this method to present their conclusions hoping thereby that everything pertaining to the interest of all parties may be adjusted in a satisfactary manner.

We want to call the attention of the Town to the fact that the accounts of the Collectors and Library with the Town are now and have been for years recorded in the same book and in a very confused and unsatisfactary manner and we think it would be a wise move if the Town should vote to authorize the Town Treasurer to purchase two new books of record and transfer the accounts so that each record might be kept by itself.

Respectfully Submitted.

Returns of the removing of the corner between Deerfield & Northwood on Epsom Line.

We, the undersigned selectmen of Deerfield Northwood & Epsom, finding that the old oak stub at the corner of Deerfield & Northwood on the Epsom line was decayed and no longer substantial enough for a corner bound, met at said Corner at (10) ten o'clock in the forenoon Dec 4, 1909, agreeable to a notice from the town of Deerfield, assisted by Orrin M James, engineer, we removed the stub and set in its place a split stone bounded, marked D. N. E. 1909. The stone was set so that its center took the place occupied by the center of the old stub before it was disturbed.

I hereby certify that I was present and assisted in the setting of the stone at the Corner of Deerfield & Northwood, and that it was set as stated in the above return

In the absence of any vote the polls were opened by the Moderator, under Art 1.

Art 1. and balloting for Town Officers proceeded

On seconded motion of Oscar J. Chase it was voted to take up Art 5 in connection with Art. 1. A communication from

Art 5. Sanborn Cemetery

L. Frances Sanborn was read by William P. Chase, selectman, as follows:

"To the Selectmen of Deerfield N. H.

Gentlemen:-

I am the daughter of the late John H. Sanborn who formerly resided in Deerfield, N. H. I have a second proposal which I wish to make to the town in regard to the care of the Sanborn family burial lot which is located on the farm once owned by John H. Sanborn, and at present owned by George and Charles Merrill. Said lot and right of way to the same are owned by the heirs of my mother, Lydia A. Sanborn, deceased.

My second proposal is as follows: I propose to give to the town of Deerfield, N. H., in trust the sum of one hundred and fifty dollars ($150.-) to be known as John H. Sanborn Trust Fund. the interest of said fund to be used for care, upkeep and improvement of said Sanborn cemetery as hereinafter prescribed, or as may be found necessary. Said town shall see that said lot is mowed over at least twice each year, once in the month of June and again in the

"month of July or August. The sail shall be fertilized once a year if necessary to keep it in good condition. All depressions that may occur from time to time shall be filled up, the flat markers not allowed to be covered up by any accumulation of dirt or otherwise, and all necessary repairs shall be made on the wall, gate and padlock in so far as the interest of said fund will permit. Unexpended interest shall be allowed to accumulate for future needs. The town will never be expected to spend any of its own money on the care and upkeep of this cemetery.

As long as the Merrill family live on said farm, it is my wish that they be given the custody of the cemetery key, in case they are willing to care for the same. In case of death or removal of said Merrill family, or their unwillingness to care for the key it is my wish that the key be kept by some responsible party living on or near said farm. A duplicate key shall always be kept by the town officials having in charge the Trust Fund.

Permit me to give you a little data in regard to this cemetery and what I have done at an expense of over $600. in my endeavor to put said cemetery into as permanently a good condition as it was possible to do. Everything was done with the idea of leaving as little as possible for the town to do to keep it in good condition.

Because vertical stones are always tipping and require much attention and outlay to keep them as they should be, I had all of ours removed, replacing them

"with flat individual markers. I also erected a granite monument in the center of the lot.

Around the lot which is about 24 feet by 30 feet, I erected the most durable wall I knew of (a cement wall 3 feet below ground, 18 inches thick and 3 feet above ground, 12 inches thick).

Having been told that brass was the only metal that would withstand weather and time without having to be painted, I had a gate with everything pertaining thereto made of brass. I have had the lot well graded and grassed over. All but one grave is over thirty years old so there will be little call for filling in of depressions caused by the sinking in of graves. In all probability there will be only one more buried here, never more than two.

I had the gate padlocked in order that any junk dealers passing that way might not carry it off as they have been known to do when occasion offers. As the gate cannot be duplicated for less than $35. or $40., I do not feel that it would be safe to leave it unlocked, or take the chance of injury to it for want of a key, in case of its loss if there were only one key. This is my reason for requiring that there shall always be two keys. (The padlock is a "Yale Standard" and the key is numbered "# 19") Of course I expect to provide the first two keys and have them suitably labeled.

Trusting my second proposal may meet with your approval,

Yours truly

L. Frances Sanborn

Beginning at a stone monument marked S E a 1888 on Deerfield line at southeasterly corner of the town of Epsom, thence North 38° 6' east (by former measurements) about 376 rods to stone in wall on easterly side of Monroe's pasture, marked E on westerly side of wall and another stone in opposite side of wall marked D '02. On this last stone we cut '16

Thence North 42° 57' east about 36 rods to a stone marked E on westerly side and D on easterly side, this stone being in fence at Southerly corner of Chesley pasture and Northeasterly corner of Monroe pasture. Continued same course 32 rods to a stone marked + standing 2 1/2 links west of easterly wall of Chesley pasture.

Thence north about 34° 45' east about 20 rods to a stone marked '02 on northerly side of road and Westerly of the residence of Jessie C. Fogg

Thence same course to a pile of stones around stump of pine tree, one stone being marked L, in earlier records in northeast side of J. Locke's hill" Thence to a stone marked E and D in wall on southerly side of road leading from residence of the late J. C. Griffin to Deerfield. Thence north 34° 6' east to a stone marked E D on northerly side Deerfield and Epsom new road and easterly side of brook.

Thence same course to a stone in the abutment of the bridge near Ritchie place, southerly side of road and westerly side of brook, this stone being marked with a drill hole and cross

thence +, and we cut 16 in same stone.

Thence same course to a large white oak tree in Ritchie field. This tree was spotted in several places and we cut S & E on westerly side. Thence same course across meadow and found a three sided stone monument marked E 1909, N. D 1903 on sides and + on top, this stone being established as the bound between Epsom, Northwood and Deerfield, and stands about 18 rods north of Suncook Pond and about 456 rods from road at Jonie C. Pursuant to a notice by the Selectmen of Deerfield to the Selectmen of the town of Raymond the undersigned met at the south east corner of Deerfield on the north line of Raymond on the 22nd day of November 1916, at 9 o'clock in the forenoon, for the purpose of perambulating the line between said towns, and locating the bounds and renewing the marks thereon, according to law. We the subscribed selectmen of said towns make the following returns of our work

Beginning at the southeast corner of Deerfield on the north line of Raymond at a stone monument marked D 1910. 1906. R 1899. N. 1871, 1864, 1880, 1843 1892. 1885, 1878, 1836, 1899 & I. which is established as the southeast corner of Deerfield, southwest corner of Nottingham and north line of Raymond: the line runs North 64° west 162 rods to a stone set in the ground near the J. Annumbulation of the line between
Deerfield and Allenstown

Pursuant to a notice from the Selectmen of Deerfield to the Selectmen of Allenstown the undersigned met at a stone monument on the westerly side of the road leading from the dwelling house of J. A. Johnson in Deerfield to Epsom, which is the southeast corner of Epsom, northeast corner of Allenstown and side line of Deerfield, on the 28th day of November 1916, and again with A. K. Rogers, surveyor, on the 29th day of November 1916, and Perambulated the line between Deerfield and Allenstown, renewing the marks and bounds as follows:

Commencing at aforesaid monument, marked D. & A. 1888. '95. 1902 thence South 3½° west, 190 rods to a stone set up on the easterly side of present highway, marked D.A., and a natural stone beside it marked 1895, thence same course 117 rods to a stone on westerly side of road leading from dwelling house of J. A. Johnson in Deerfield to Allenstown, marked D.A., thence same course 46 rods to a pile of stones and a stone post marked D.A. 1888 (this stone is about 40 feet east of a two-pronged hemlock tree which we spotted); thence same course 160 rods to a pitch pine tree on northerly side of road leading from the dwelling house of Albert Pickard in Deerfield to Allenstown, marked D.A. and also other marks which could not be deciphered; thence south 41½° west to a large stone split in the middle, marked D.A. 1894, '02 (this ~~bound~~ we did not find though we did find such a stone with no marks); thence same course 110 rods to a spruce marked D.A. 1895 (we found a spruce at about the right distance but could not find any marks); thence South 35° west 74 rods to a

hemlock tree marked D.A. and other markings which could not be deciphered, we set a stone beside it marked D.A. and we also spotted a small pine about 2 feet from the hemlock as the maple tree mentioned in previous records was gone (the trees are on the westerly edge of a small spruce swamp); thence South 36½° west 84 rods to a maple tree on the edge of a swamp (this tree is gone); thence South 3½° west 50 rods to a large rock marked D.A. 1888, which is the one not found in 1909 and we did not find it, but did find the stone set up in 1909 and marked it L; thence same course 62 rods to a large rock near old Barnard cellar marked D.A., thence same course 40 rods to a stone post marked D.A. '81, '88, thence South 42½° west 20 rods to a hemlock stump with an iron driven in center (old records read hemlock tree near a pond, but this stump is no doubt the one); thence South 36° west 120 rods to a stone set on edge near a brook marked D.A. '02; thence same course 18 rods to a hemlock tree (no tree there but found hemlock stump at right spot and cut a line across the top); thence same course 14 rods to a black birch tree on west side of a rocky hill. This tree was nearly gone but there was a stone beside it marked D.A. and we also marked D.A. on a hemlock tree about one rod beyond; thence same course 128 rods to a large stone partly in the wall on the northerly side of the road leading from Candia to Allenstown and marked a/s, the line running in the direction of the tree line; thence same course 44 rods to a pile of stones and a stone post marked D.C.A.A. and various other markings sup-

bound to be date, this post being the bound at the junction of Deerfield, Candia, Nottingham and Allenstown

We have renewed the marks as herein described and believe the same to be the line between the towns of Deerfield and Allenstown, as nearly as can be determined without an exact survey at points where the bounds were not found

D.; thence same course 102 rods to a stone on south side of

wall marked C. D. (This stone was set up by us and we consider it approximately correct.); thence same course 69 rods to a stone about 39 feet south of wall marked C. D. Town of Durfield

Dudley F. Munroe complains against the Town of Durfield, a municipal coporation existing by law and location within said County of Rockingham and says, that at said Durfield on the 14th of May, 1927 while the petitioner was a traveler by a motor vehicle upon a culvert located near the William Morrison place on the road leading from Durfield to East Northwood, said highway being one which the Town then and there had the duty of maintaining the petitioner was damaged by reason of a defect, insufficiency and want of repair of said culvert which rendered it unsuitable for travel thereon; that the petitioner was unavoidably prevented from filing his claim against said Town as provided by Section 9 of Chapter 89 of the Public Laws.

And the petitioner says that the damages which resulted to him by reason of the defect and insufficiency in said culvert is as follows: Damage to Chevrolet Truck. $450.00, loss of meat which he was carrying on truck $125.00, loss of use of truck for forty-six days at $3.00 per day $138.00, total loss $713.00.

On Advancements

Whereas, Grace M. Bailey, widow of Charles Bailey, individually and as guardian of Avis E. Bailey, minor heir of Charles Bailey, deceased intestate, and Maude B. Buckland, individually, as heir of said Charles Bailey and as administratrix of the Charles Bailey estate, all of Hampstead, County of Rockingham and State of New Hampshire, agreed to sell to Atwood & McManus Box Company, a division of the New England Box Company (hereinafter called the Company), a voluntary association organized and existing under and by virtue of the laws of the Commonwealth of Massachusetts, and having a place of business in Chelsea, County of Suffolk in said Commonwealth, three certain lots of lumber as and when sawed and stuck, viz: The Anglin lot and the Abbott lot, both situated in said Hampstead, and the Johnson lot situated in Dunstable, all as evidenced by certain lumber agreements signed by all parties as aforesaid, said lumber agreements on said Abbotte and Anglin lots being dated January 2, 1929 and on said Johnson lot dated January 10, 1929 and

Whereas, all of said lots were owned by the said Charles Bailey at the time of his decease intestate, who left as his widow, Grace M. Bailey, and as his heirs the said Maude B. Buckland, daughter, and Avis E. Bailey.

minor daughter of whom the said Grace W. Bailey has been duly appointed guardian, and the said Maude B. Buckland as administratrix of the estate of said Charles Bailey, and

Whereas, the said Grace W. Bailey, individually and as guardian of the said Alice E. Bailey and the said Maude B. Buckland, individually and as administratrix of the Charles Bailey estate, hereinafter called parties of the first part, do hereby ratify said agreements and having requested the said Company to pay over by checks payable to Estate of Charles Bailey, certain proportions of the entire purchase price to be used in the operations by said Co; it is therefore agreed between the parties of the first part and said Company, as follows:

1. In consideration of the payment of ten dollars per thousand board feet tail of the mill survey as marked on the boards, they agree that title to all of said lumber as fast as the same is sawed and stuck shall pass to said Company; it being their intention that said lumber, as, when and where stuck shall then and there become indefeasibly the property of said Company, advancements upon the entire purchase price, (viz; twenty-one dollars per thousand board feet for all white pine as surveyed by said Company F.O.B. Chelsea or Union Market, Massachusetts, and eighteen dollars per thousand board feet for all pitch pine and hemlock as surveyed by said Company F.O.B. Chelsea or Union Market,

Massachusetts) being made to them by said Company at not exceeding the foregoing rate upon their request, supported by copy of mill saw sheet signed by the surveyors, said advancements to be made in no event oftener than once in two weeks. Should said Company at any time prior to making the of said advancements above stated, for any reason deemed by them sufficient, desire to substitute the survey of any sworn surveyor for said tail of the mill survey, they may do so. The wages of said surveyor thus substituted shall be deducted from said advancements as made and charged to them on final settlement. Said tail of the mill survey as aforesaid is made only for the purpose of determining said advancements and shall have no bearing on final settlement for said lumber, as hereinafter stated. Said lumber is to be sawed with 1 1/16" ratchet and paid for as 1".

To have and to hold the said goods and chattels as fast as the same are sawed and stuck unto the said Company, its successors and assigns, to its own proper use, benefit, and behoof forever. And we do avouch ourselves to be the true and lawful owners of said goods and chattels, and have in ourselves full power, good right and lawful authority to dispose

of the same in manner aforesaid; And we do for ourselves, our heirs, executors and administrators, hereby covenant and agree to warrant and defend the said goods and chattels against the lawful claims and demands of all persons whomsoever, unto it, the said Company, its successors and assigns.

2. As part of the consideration above stated, we further agree as follows:
(a) That we will haul said lumber, load the same on board the cars and ship when dry, at such rate of cars per week (provided the same are obtainable) and loaded with such thicknesses and kinds of lumber, as said Company may from time to time direct, all at our sole expense.
That if cars are shipped in any one week in excess of the number ordered per week, demurrage and actual expense accruing on such excess at point of destination shall be charged back to us; and that if, unless ordered, any cars are received containing more than one thickness or kind of lumber (save that mixed lumber may be shipped as stuck in the pile) a charge of one dollar per thousand board feet for all lumber contained therein shall be made against us; all of which said amounts are to be taken as liquidated damages.
(b) That said lumber shall be shipped by us to said Company F.O.B. cars Chelsea or Union Market, Massachusetts.
We have heretofore agreed to accept

as the full purchase price for said lumber payment at the rate of twenty-one dollars per thousand board feet for all of said white pine boards, and eighteen dollars per thousand board feet for all pitch pine and hemlock boards, all as and when received and surveyed by said consignees at point of destination, less 1% 10 days, the same may be paid us as follows:
Said advancements of ten dollars per thousand to be paid us on tail of the mill survey under paragraph 1, above, shall be represented by promissory notes by us signed, payable to said Company, bearing interest at the rate of six per centum. Said Company shall debit all notes, advancements and other charges as and when made to us as aforesaid, to our account, and credit our account with said lumber at the aforesaid rates of twenty-one dollars and eighteen dollars per thousand feet as and when received and surveyed at point of destination. As and when said account thus carried shall show a balance in our favor after the payment of all notes, advancements, interest on the same then due, and any and all other debits which may at that time exist between said Company and ourselves, either by virtue of this agreement or generally, balance of said account shall be

payable from time to time by checks payabled to Estate of Charles Bailey, and its receipts therefor shall discharge said Company.

It being our intention to transfer title to said lumber to said Company as mgt when stuck, final settlement of the entire purchase price between said Company and ourselves both as to time and amount being deferred as herein set forth.

(c) That we will, when requested by said Company, insure at our sole expense, in the name of said Company, said lumber while in the sticks in some reputable insurance company, in such amount and for such time as said Company may direct. In case, for any cause, said Company desires to place additional insurance thereon at any time, it may do so, and all charges and premiums occasioned thereby shall be proper debits against us on final settlement under paragraph (b.) above.

(d.) In case of loss of any or all of said lumber prior to survey at point of destination, through any cause, the same shall be borne exclusively by us, unless covered by insurance, in which case such amount of insurance as may be received by said Company shall be credited to our account in the same manner and to the same extent as if it was the agreed purchase price of lumber received by said Company under paragraph (b) above. If after all of said lumber

is exhausted, either by receipt and survey by said Company, or loss from any cause prior thereto, which loss if covered by insurance has been paid said Company and credited our account, there still remains a balance due said Company, such balance may at the discretion of said Company be charged against us on any account between us, or recovered in any manner said Company may desire.

(e.) All taxes, stickings or other charges assessed against or attaching to said lumber until final survey thereof at point of destination shall be paid by us, and if not so paid may be paid by said Company and debited us in settlement under paragraph (b.) hereof.

(f.) All items of debit-charges to us hereunder shall carry interest at the rate of six per centum per annum until paid.

(g.) All questions arising hereunder shall be interpreted under the provisions of the sale act of New Hampshire.
