ZONING AMENDMENT

Zoning Amendment # 1:
Are you in favor of the adoption of the amendment to Section 210 Wetlands Conservation District of the existing Town of Deerfield Zoning Ordinance as proposed by the planning board? Revisions to Section 210 Wetlands Conservation District include updated language consistent with current definitions in the State of New Hampshire Wetlands Regulations which are based on definitions established by the U.S. Army Corps of Engineers. The revisions clarify existing subsections such as the purpose, permitted uses, conditional use, and general provisions. One new section on prohibited uses was added to specify potential threats to wetlands and surface waters, such as salt sheds and hazardous waste facilities. Finally, the district boundaries have been revised to include wetlands as well as areas within 100 feet of the wetland area. The boundaries also specify what is not included in the wetland district – manmade ditches and ponds and other similar manmade water bodies. The Deerfield Planning Board voted to support this amendment by a vote of 4-0-1.

Similarly, tree trimming is needed to ensure children stay safe by minimizing the risk of falling limbs along the property line at the GBW Building. Costs of field maintenance in 2020 consist of infield mix material for two of our four ballfields with a full infield restoration performed by a professional on one of the fields.
