(Class times subject to change)

- **The first class** of each session is an opportunity for the instructors and students to get to know each other and for us to assess each swimmer's abilities.
 - Students will only be in class for 30 minutes max.
- Placement in the appropriate level will be decided after the first class.
- **All remaining classes will typically last 20-30 minutes each.**
- Class size will be designed to provide the best results, sometimes it is necessary to divide the levels into 2 groups.
- We prefer to run multiple classes back-to-back so that our instructors are not continually in and out of the water.
- Placement in the appropriate level will be determined after the first class and the instructors will be able to provide that information before each student leaves the park.
- Class size and schedule will be finalized the day of assessment, and notifications sent via email.

Thank you for participating in swim lessons at Veasey this year. Our Lifeguards are having a blast with the children. We look forward to building a strong swim program at the park and couldn't do it without the kids and your support!
