- Chairman's Update
 - Travis informed the VPC of a meeting with PLA president/Deerfield Selectman, W. Huebner. Mr. Huebner was seeking permission to install an informational kiosk at the park for the PLA. Travis will advise the VPC as to the size and placement of kiosk at the next meeting. Another topic discussed by Travis and Selectman Huebner was the erosion issues at the park. Mr. Huebner agreed that there needs to be an effort to mitigate the storm/seasonal water run-off beginning at the road through repair of drainage swales/culverts and re-grading of driveways and parking lot. He also agreed that it made little sense to add sand to the beach until the run-off was properly diverted. Travis voiced his opinion to Selectman Huebner that he felt it was more appropriate for the TOD and Highway Dept. to address such an effort and that the park does not have such funds as to complete such a project. Travis explained further that the VPC was drafting a warrant article to repair the existing terraces at the shore front to make the beach safer and more useable for its patrons. This warrant article would be ready for proposal only after the run-off issues had been fixed.
